

# OTHERS

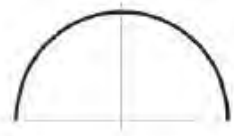

## ALL KIND OR DISHED HEADS , FOR SHEEL COME, ETC

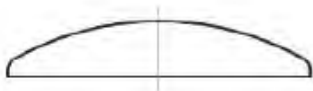

Semi-elliptical head

Tori-spherical head

Hemi-spherical head

Standard dished head

Flat head

Dished disc

Semi-elliptical (Cold)

Semi-elliptical (Hot)

Hemispherical (Hot)

Dished disc

Semi-elliptical (Seg)

Hemispherical (Seg)

Cladding (99+3.5T)

Big & thin (17T×7010)

Head forming specialist. Based on customer's various requirement we can propose different options and it makes our customer operate its project more flexibly.  
Costing saving, technical preference, faster delivery, etc.

## FOR SHELL, CONE, BELL MOUTH & EXPANSION JOINT

We collaborate with some partners for shell, cone, bell mouth and expansion joint. Our customers can take advantage of those products from one source. It will enhance technical integrity and customer convenience.
